### **Afghan Hound**

Thank you to the Afghan exhibitors for entering and showing under me on the same day as a breed club championship show. The ring was adequate and the surface excellent if at times a little too exciting for the Afghan puppy!

#### **Junior 3:1**

1<sup>st</sup> Simpsons Neliapilan Jaakka-Kulta at Tajikh (imp) Shaded mask gold dog, lovely long, lean yet masculine head, well put together and balanced all through prominent hip bones and ring tail to finish picture. Movement as an Afghan Hound should, effortless floating and powerful with head and tail held proudly. Although needs to mature could not be denied BOB and pleased to hear he went Group 2. 2<sup>nd</sup> Lezarah Shiraz at Yorghan. Blk mask gold dog with good front assembly matched by rear enjoying the surface and his day as a puppy should. BPIB

#### **Graduate 1:0**

1<sup>st</sup> Simpsons Freecloud Limonya Very pretty cream bitch. With long neck, level topline and good fallaway. Good angles and ring tail. Moved well with reach and drive but would not settle in challenge due to handler change.

#### **Open Dog 1:0**

1<sup>st</sup> Aldous & Cackett Saboush Shyalaman at Yorghan Well presented upstanding gold male with long arched neck and level topline. Excellent deep chest. Well muscled and angulated rear. Presented and moved well.
